AV requirements

Please note that Lucy uses PowerPoint and video in her presentations.

Lucy prefers to present from her own MacBook Air and brings the necessary display adaptor.

Lucy brings:

- MacBook Air with HDMI adaptor
- Wireless presentation clicker
- PowerPoint presentation in 16:9 format, with video files embedded locally

She needs:

- Wireless lapel or headset microphone
- Mains power for her laptop
- Projector or presentation screen with an HDMI connection
- Sound system capable of playing audio from the presentation laptop
- If available, an external confidence monitor
